

PRESS RELEASE

We're jumping for joy!

Classic Technology has been shortlisted for Ireland's most prestigious laboratory award!

Classic Technology Ltd. who operate Ireland's only UKAS calibration laboratory at Naas, Co. Kildare has been shortlisted in two categories for the country's most prestigious awards, the 2014 Irish Laboratory Awards, which recognise excellence and achievement among laboratory professional in Ireland.

Classic has been short listed in two categories; Commercial Laboratory of the Year and Calibration and Testing Laboratory of the Year, that recognise and celebrate the best of the Laboratory sector - both people and laboratories. (See the shortlist:

<http://www.labawards.ie/shortlist.php>)

The aim of the awards is to acknowledge and encourage skills and development within companies that are delivering expertise for the country's laboratory sector. A distinguished panel of judges drawn from the elite of Ireland's scientific community and covering a broad range of scientific disciplines both academic and industrial will judge the submissions. Winners will be announced at a gala dinner to be held this December 3rd at the Burlington Hotel, Dublin.

Classic Technology is Ireland's only UKAS calibration laboratory for Pressure, Temperature, Electrical and Mass. Classic's dedicated state-of-the-art laboratory at Naas, Co. Kildare, audited to ISO 17025:2005, is delivering the widest range of capabilities in Ireland. With unparalleled turnaround times, Classic is delivering both repair and calibration to a large number of Ireland's leading companies, including pharmaceuticals and aerospace that require the most exacting standards.
